WORKER HEALTH COVERAGE PROTECTION ACT UPDATE ON COVID RELIEF PROVISIONS IMPACTING EMPLOYERS & EMPLOYEE BENEFIT PLANS

Register For 2/15 Zoom Briefing

Solutions Law Press, Inc.™ invites employers, employee benefit plan fiduciaries and vendors and other impacted business leaders participate in a complimentary briefing on the employer and employee benefit requirements of the Worker Health Coverage Protection Act as approved by the Ways & Means Committee on February 11, 2021 beginning at 9:00 a.m. Central Time on Monday, February 15, 2021.

Employers and employee benefit plan fiduciaries and vendors should get up to speed on a new mandate to subsidize health coverage continuation and other requirements of the Act that the House Ways & Means Committee voted on February 11, 2021 to include in the latest COVID-19 relief package the Democrat Majority plans to fast track through Congress. By the end of February if not before, Congress is expected to pass a final COVID-19 relief package including these employer and employee benefit plan mandates in substantially the same form as approved by the Ways and Means Committee. As these provisions will require quick action by employers and plans, employers, employee benefit plans, their fiduciaries and plan vendors should begin preparing now to comply with the anticipated new requirements
