Our speakers will discuss how to safeguard the personal and sensitive information your company collects and maintains on employees, beneficiaries and others. The presentation will cover strategies for effective data security and for minimizing identity theft. Our speakers will discuss cyber crime risk management practices as well as legal and practical approaches that are utilized by plans and employers. Learn about legal risks and obligations. Don't miss this important and informative presentation!

**Our speakers:**

**Cynthia Marcotte Stamer, PC** is a board certified labor and employment attorney who speaks and writes extensively on health care, employee benefit and human resources matters. A past Dallas Chapter President and past National Board member of WEB, Cindy leads the American Bar Association (ABA) Health Law Section Managed Care & Insurance Interest Group and, ABA RPPT Section Welfare Plan Committee.

**Dione McBride** is an avid "techie" who loves technology. Before collecting a second degree in IT, her career included finance and accounting roles, and working as payroll manager for a national restaurant franchise. Over the years, she has been in technical and management roles as a Corporate IT professional in companies like Novell and Computer Associates. Dione currently works for Triad Hospitals as Chief Information Security Officer (CISO). Both of our speakers have been published.
