4th Annual HIMSS SOCAL PRIVACY & SECURITY FORUM

In Partnership with ISACA LA, ISSA LA, ISSA OC, OWASP LA and NH-ISAC

WEDNESDAY, DECEMBER 4, 2013 9:00 AM - 3:45 PM PST
HOAG HOSPITAL — NEWPORT BEACH, CALIFORNIA

Collaborate, learn and share once again with your peers, at this SoCal-only Healthcare Privacy and Security event!

HIMSS, ISACA LA, ISSA LA, ISSA OC, OWASP LA, and NH-ISAC, have joined forces to once again bring this phenomenal event. Hospitals, physician practices, integrated delivery networks, payers and other healthcare facilities, CIOs and IT executives face a wide range of security issues and challenges. HIPAA privacy and security compliance continues to challenge and confound many executives and their IT departments.

The 4th Annual Privacy and Security Forum will address these issues, and others, by providing a collaborative environment in which health IT professionals, industry thought leaders and regulatory folks can interact and learn from one another. Another significant event would be the discussion on the HIPAA Omnibus Rule that is effective from September, 23 2013.
